Book Synopsis

Egyptologist Stephen S. Mehler has spent over 30 years researching the answers to these questions: Was there a advanced prehistoric civilisation in ancient Egypt?; Who were the people who built the great pyramids?; Who carved the Great Sphinx?; Did the pyramids serve as energy devices and not as tombs for kings? Mahler believes the answers are Yes! An indigenous oral tradition still exists in Egypt, he has been able to uncover and study it with the help of a living master of this tradition, Abd El Hakim Awyan. He has also been given permission to share these teachings -- presented heretofore in fragments by other researchers -- to the Western World, teachings that unfold a whole new understanding of ancient Egypt.
